Professional Summary

Software Engineering undergraduate with hands-on industry experience as a Software Engineering Intern, contributing to real-world software applications. Experienced in full-stack development, API integration, and database management, with a strong focus on writing clean, maintainable code. Proven ability to work effectively in Agile team environments, with solid debugging, problem-solving, and communication skills. Motivated to continue learning and contribute as an Associate Software Engineer in a collaborative and fast-paced development team.

Education

University of Kelaniya, B.Sc (Hons) in Software Engineering July 2023 – Present

- **CGPA:** 3.45/4.00 (Second Upper)

BT/KK/Chenkalady Central College, G.C.E. Advanced Level (Physical Science) June 2019 – Jan 2022

- **Z-score:** 2.0101 - Combined Maths: B | Physics: A | Information Communication Technology: A

Experience

Intern Software Engineer, Boffo System Labs (Pvt) Ltd. Aug 2025 – Feb 2026

- Developed a real-time chat application supporting web, mobile, and desktop environments, using React Native, JavaScript, and Socket-based communication for instant messaging functionality.
- Built an Employee Management System as an internal learning project using Angular, ASP.NET, and SQL Server, implementing CRUD operations, employee record management, and structured database integration.
- Developed a role-based salon management system supporting five user roles with appointment booking, confirmation workflows, and walk-in management.
- Executed customer engagement features including favorite salons, salon and stylist ratings, and responsive role-specific user interfaces.
- Built reporting modules generating weekly, monthly, and yearly summaries for operational and business analysis.
- Worked across the full stack developing RESTful APIs, implementing JWT-based authentication, optimizing database queries, and resolving performance issues.
- Gained hands-on experience with frontend and backend development, API integration, real-time communication, database management, and debugging production-level applications.
- **ASP.NET, Angular JS, React Native, JavaScript, Tailwind CSS, PostgreSQL, MySQL, SQL Server, Socket programming, REST APIs.**

Projects

Social Media Platform

- Built a full-stack social media platform using the MERN stack. Implemented user registration, profile management, post creation, likes, comments, and follow system. Developed a responsive, mobile-first UI using React and Bootstrap, improving usability across devices. Integrated JWT-based authentication and REST APIs for secure user interactions and data handling.
- **Architecture:** Monolithic (Individual Project)
- **Technologies Used:** React JS, Node.js, Express.js, JWT, MongoDB, Bootstrap
- **Source Code:** github.com/Jashvanth/Source

Hotel Management System

- Engineered a dynamic hotel reservation platform featuring real-time room availability, secure online payments, and automated room assignment. Enabled guest profile management and multiple room type selection. Prioritized mobile responsiveness and intuitive UI to streamline operations and elevate the guest experience.
- **Architecture:** Monolithic (Individual Project)
- **Technologies Used:** React JS, Spring Boot, MySQL, JWT, Bootstrap, AWS S3
- **Source Code:** github.com/Jashvanth/source

QR-Based Fuel Management System

- Created a QR-enabled fuel distribution system to control fuel allocation during the COVID-19 crisis. Enforced real-time QR validation, vehicle registration tracking, and mechanized weekly quota enforcement. Expanded a secure admin dashboard for monitoring, reporting, and regulatory control. Leveraged RESTful APIs and role-based access to maintain secure and scalable operations across fuel stations.
- **Architecture:** Monolithic (Group Project)
- **Technologies Used:** React, Spring Boot, MySQL, RESTful API
- **Source Code:** github.com/Jashvanth/Source

Online Liquor Store Platform

- Enhanced an e-commerce platform with product filtering, cart and order management, secure checkout, and real-time inventory tracking. Delivered advanced features including product filtering, cart and order management, secure checkout, and real-time inventory tracking. Implemented scalable backend workflows and integrated payment functionality to improve the end-to-end purchasing experience.
- **Architecture:** Monolithic (Group Project)
- **Technologies Used:** PHP , HTML , JavaScript, CSS , MySQL , Responsive Design , Stripe
- **Source Code:** github.com/Jashvanth/source

Skills

Programming languages : Java, JavaScript, TypeScript, Python, C, C#, PHP, SQL, HTML5, CSS3

Frameworks & Technologies : Spring Boot, React JS, Angular, ASP.NET, Node JS, Express JS, React Native

Databases : MySQL, MongoDB, PostgreSQL

Version Control & Tools : AWS, Git/GitHub, JIRA, Microsoft Azure

IDEs : PyCharm, VS Code, Visual Studio, IntelliJ IDEA

Core Concepts : Object-Oriented Programming, SOLID Principles, Debugging & Troubleshooting, Writing clean, maintainable, efficient code, Agile development

Soft skills : Leadership, Effective Communication, Googling, Time Management, Critical Thinking, Attention to detail, Multi-tasking

Certifications

SQL (Basic) Certificate – HackerRank , 2024	view certificate
--	----------------------------------

Exploring ASP.NET Core: Intermediate – Alison , 2026	view certificate
---	----------------------------------

Amazon Simple Storage Service Essentials Beyond the Basics - Amazon S3	view certificate
---	----------------------------------

Achievements

HackerRank Badges: Problem Solving, Java, SQL, C	view certificate
--	----------------------------------

Solved 35+ coding problems on LeetCode	view certificate
--	----------------------------------

Volunteering Experience

School Prefect , BT/KK/Chenkalady Central College	June 2020 – Feb 2022
--	----------------------

Member of Software Engineering Student's Association , University of Kelaniya	2023 - Present
--	----------------

Batch Coordinator of the Tamil Student Association , University of Kelaniya	May 2024 - March 2025
--	-----------------------
